Activity 2: Complete the crazy spelling Maze!

Maths

Activity 1: Crack the emoji code. Using addition and subtraction.

Emoji Code Breaking

Choose one of the 3 levels that suits you as a mathematician.

Activity 2:

5. Aliens travel to school in their space-shuttle. 1,579 aliens are picked up at the first planet. After the second planet, there are 2,404 aliens on board. They stop at a third planet. When they reach the school, there are 1,649 aliens on board. How many aliens got on or off the space-shuttle at each planet?

6. Emma goes out for a walk each day. On Monday she walked 1,679 steps. When she got up on Friday she had already walked 4,985 steps. Her brother George says, "You could have walked 1,102 steps on Tuesday, Wednesday and Thursday." Is George correct? Explain why.

Don't forget to login to

Art

Create your own piece of graffiti that will stand out from the crowd!

You may be inspired by the graffiti pieces that are currently being created based on our amazing key workers or you could link it to yourself.

We look forward to seeing yours on Seesaw or Twitter.

E-Safety

As we all know being safe online is extremely important especially since we are online more at the moment.

Activity 1: Please read through the E- safety information and answer the questions.

Activity2: Complete the e-safety word search.

Activity 3: Create your own graffiti style poster to help others to remember how to stay safe online.
